

Wilbur® HC-7201 Cinnamon Flavored Drop

The Sweet Flavor of Cinnamon

Wilbur Chocolate has been creating exceptional chocolate and confectionery products since 1865. Quality and consistency are our keys to success - every batch is carefully crafted for preciseness in color, flavor, smoothness and workability.

HC-7201 exhibits the sweet and spicy cinnamon-like taste from natural and artificial flavors. Flavors reminiscent of brown sugar, spice, maple and vanilla fill out the profile of this delicious chip.
